### Electrical Wiring Specialist

Industrial Tech Services is an automotive company with a history that dates back more than two decades. We are a distributor of machinery and installation services. We are headquartered in Georgetown, Kentucky. ITS operates as a Joint Venture (“JV”) owned by the following Japanese parent companies:

Toyota Tsusho America (TAI)  
Toyota Tsusho Corporation (TTC)  
Trinity Industrial Corporation Japan (TIC)  
Toyotsu Engineering & Mfg. (TMAC)  
Shinmei Industrial Co.

ITS was formed in February 1997 following a spin-off from TAI. ITS is an automotive company with a history that dates back more than two decades. We are a distributor of machinery and installation services. ITS is comprised of 3 core operational divisions – PE, Shinmei, and Trinity.

We have a position open for an Electrical Wiring Specialist to work in our manufacturing plant in support of our 3 operational divisions. Licensed Electrician preferred.

The ideal candidate will have experience in the following:

1. Wiring work of automation equipment (conveyor/robot/AGV/AMR).
2. Control panel wiring and building.
3. Automation experience
4. Electrical controls
5. Manufacturing/plant experience
6. Safety training

At Industrial Tech Services we believe our success is as much a result of our employees as the products we sell. We offer an amazing comprehensive package to our employees which includes:

- Medical, Dental & Vision – 100% of medical premiums paid by ITS
- Short- & Long-term disability and Life Insurance
- 401K with company matching – 3% automatic company contribution (w or w/out employee contribution). 3% additional maximum with 6% employee contribution.
- PTO - Vacation, Sick Days, Floating Holidays
